

Course Information

Description of the course instructor, location, and office hours

Instructor:	Monali Khobragade
Lab Room:	UW1 040
E-mail:	mkhobri@uw.edu (please begin the subject line with "CSSSKL 133")
Office Hours:	Tuesday (10 am to 12 pm)
Office Hours Location:	https://washington.zoom.us/j/2293285214
Passing Condition:	90% or better
Final Exam:	None

About the Lab: This lab session is a companion to the CSS 133 course, and is intended to provide a guided time and space to apply skills and concepts introduced during the lecture section.

The focus of our time will be the clarification of lecture topics and the bolstering of your understanding of the topics at hand through guided practice. **This syllabus is subject to change, so please check this site periodically.**

CSSSKL Requirements & Prerequisites: Concurrent enrollment in CSS 133 is required.

Recommended Textbook: This course has no required textbook. You can follow the textbooks that you are reading for CSS 133.

Any additional required readings and topics will be posted on Canvas.

Course Grading: Credit/No Credit.

Requirements

Lab Requirements: Labs will be assigned and turned in using **Canvas**.

Lab Grading: The lab is graded on both **engagement and effort**, not on the correctness of the output. Each lab is worth four (4) points where points are achieved as follows:

Pre-Lab Activity for the coming week:

1 pt for the **Pre-lab activity** is completed and turned in prior to the deadline

Lab Activity for the current week:

3pts - **All parts** attempted and **acceptable efforts**

2pts - **Not all sections** of the lab were attempted but the **acceptable effort** was made

1pts - **Missing majority of the lab**, or no efforts shown

0pts - absent work, no effort made (e.g. just starter code files), Academic Dishonesty

Lab due date: The lab report will be due the Wednesday following the lab it was assigned at 11:59 pm.

Pre-Lab due date: The pre-lab activity will be due Thursday at 11:59 pm just prior to the next lab.

Lab 1 Exception: There is no Pre-Lab for lab 1, so the Lab Activity will count for all 4 points.

Resubmission Policy:

After receiving the grades for the labs, students will be provided an extended deadline for resubmission if they are not satisfied with their scores. The resubmission deadline will be the same date as the deadline for your next lab i.e. the subsequent Wednesday. **If you did not submit the assignment on time, you do not qualify for resubmission and will receive no credit on the assignment, so please be sure to always turn in something by the first due date.** The assignment will close after the resubmission date has passed.

Late work Policy:

Late lab submissions will not be accepted, except in the case of one of the following reasons:

1. **Illness**
2. **Bereavement**
3. **Government Obligations**

4. University Business

5. Widespread Technical Problems

No other late work will be accepted for any reason. Please send me an email if you need to turn in an assignment late for one of the listed reasons. Because of the resubmission policy, even incomplete work may be regraded for full credit. Therefore, it is in the student's best interest to **submit the work they have on the due date.**

Course Policies

Student Conduct, Plagiarism and Cheating

It is your responsibility to know and uphold the *Student Conduct Code for the University of Washington*, available at <http://www.uwb.edu/students/policies/>

To simplify the code in the extreme, don't cheat. If you feel the need to violate your (or another student's) ethics in order to keep up with the class, please just talk to me and your 142 professors. In the long run, relying upon shortcuts like plagiarism will have extremely dangerous consequences in the world outside of school; you have a responsibility to yourself, your future clients, and those around you to establish sound ethical behavior during your time in school (and sometimes that includes having the maturity to engage with sub-optimal results). You will receive a zero and/or be referred to the University for any coursework for which you are discovered cheating or plagiarizing. If you are caught cheating for the initial submission, you may resubmit per the resubmission policy, but the maximum grade you can achieve is a 2 out of 3 for a full lab assignment.

Engagement and Attendance

Attendance is encouraged but not mandatory. Efforts will be made to ensure that if for whatever reason, you are unable to attend lab, the relevant course content will be made otherwise available.

Inclement Weather Policy

If there is a weather event severe enough to make the transit to campus dangerous (extreme storms, flooding, etc.) the class will be canceled or moved to remote learning. If the class is not canceled but you personally will be unable to attend due to inclement

weather, please inform me.

Access and Accommodations

If you have already established accommodations with Disability Resources for Students (DRS), please communicate your approved accommodations to me at your earliest convenience so we can discuss your needs in this course.

If you have not yet established services through DRS and wish to do so, they may be contacted at:

[425-352-5307](tel:425-352-5307)

uwbdrs@uw.edu

DRS offers resources and coordinates reasonable accommodations for students with disabilities and/or temporary health conditions.

For Our Veterans: If you are a student who has served in our nation's military forces, *welcome home*, and thank you for your service.

Religious Accommodations: "Washington state law requires that UW develop a policy for accommodation of student absences or significant hardship due to reasons of faith or conscience, or for organized religious activities. The UW's policy, including more information about how to request an accommodation, is available at [Religious Accommodations Policy](#)

(<https://registrar.washington.edu/staffandfaculty/religious-accommodations-policy/>).

Accommodations must be requested within the first two weeks of this course using the [Religious Accommodations Request form](#)

(<https://registrar.washington.edu/students/religious-accommodations-request/>).

([Religious Accommodation Policy](#))
